Dear Sir / Madam,

I was delighted to see an opening for this Software Developer role. I believe that my experiences in Software Development and the skills I pick up along the way will make me an ideal candidate for this role.

Building state-of-the-art, easy to use, user-friendly websites and applications is truly a passion of mine and I am confident I would be an excellent addition to your organization. In addition to my knowledge base, I actively seek out new technologies and stay up-to-date on industry trends and advancements. I've attached a copy of my resume detailing my experience, along with my github link where you can find websites and applications I've had the honor of working on in my spare time.

I can be reached anytime via the contact info in the header of this letter. Thank you for your time and consideration. I hope to hear from you soon.

Best Regards,
Nur Atikah
